

Elevate Your **Roofing Project.**

We specialize in commercial steep slope and low slope roofing projects. An aging, poor quality, or storm-damaged roof can spell big problems for your business. That's why the licensed commercial roofing contractors at The Project Company approach each project with care, taking time to understand the existing roofing structure and offer our professional advice about roof repair or replacement.

30+

- ▶ *On-time*

"The Project Company does what it takes to get the job done and get the job done well. They have a pool of talented subcontractors willing to perform work across the country to provide exterior restoration services for buildings small and large. I have used The Project Company for restoration of a historic 100-year old building and a building built in 2007. Any exterior improvement, they can handle."

- JOSH MINTZER, Project Manager, AJ Capital Partners
